

SCCCR 2021 JANUARY BLAST

Provided 1/2021

BLAST - What you will see each month

- ▶ The BLAST is an education and communications tool provided to you from the SCCCR.
 - ▶ Specific announcements, updates, clarifications, and Q & A related to state reporting requirements, coding rules, and abstracting principles are included. All registry reference manuals used will be cited.
 - ▶ Each month, the ASK a SC REGISTRAR section will feature answers to questions posed by registrars. If you have questions that you discuss among your facility team and resolve, share those with me as well so we can post to benefit everyone. We will include these in the BLAST monthly and post them on the SCCRA Website.
- ▶ FLccSC updates and national educational offerings with CE Credits will be highlighted
- ▶ Quality improvement reminders and coding tips based on results from the SCCCR Quality Control activities
- ▶ SCCCR “Your Data at Work”
- ▶ The SCCCR hopes the BLAST will be helpful to you and will encourage communications among our GREAT NETWORK of REGISTRARS in SC!
- ▶ Please contact Connie Boone, BSPH,CTR, SCCCR Quality Control Manager, Education Training Coordinator, with your abstracting questions and requests for BLAST content.

HOT TOPICS January 2021:

The South Carolina Central Cancer Registry (SCCCR) has completed the SCCCR State Specific V21A Edits Metafile and sent it to the software vendors to be included in the release of V21 software for their clients. If your software vendor does not update your edits metafile in the software, you use please contact Michael Castera and he will e-mail a zipped version of the metafile for you to unzip and place in the appropriate folder location for your software.

January is Cervical Cancer Awareness Month

BLAST - Your Data at work

▶ SCCCRC Research Study Collaborations

Medullary Thyroid Carcinoma Study - Monthly Request, please contact:

Kammy Rebl (803) 898-4319 if you have eligible patients.

African American Cancer Epidemiology Study (AACES) - Monthly Request email and phone call.

**** We ask that you please contact Connie Boone via email monthly if you have or have not any eligible patients.**

Connie Boone (803) 898-0985 boonecr@dhec.sc.gov

▶ Requests (July 1, 2019 - current):

- ▶ Aggregate (state/region/county level stats): 67
- ▶ Research (requests for datasets): 17
- ▶ Community Cancer Assessments (cluster concerns): 32

▶ Research Spotlight: Forteo Patient Registry

- ▶ The Forteo Patient Registry was established in 2009 to complement the Osteosarcoma Surveillance Study (a 15-year surveillance/patient-contact study initiated in 2003 that SCCCRC also participate in) by adding a voluntary registry of patients prescribed Forteo (for severe osteoporosis) whose data could be linked to participating state cancer registry data. The overall question for these studies was to evaluate whether there is a potential association between Forteo use and osteosarcoma in humans. The specific objective of the Forteo Patient Registry was to estimate the incidence of osteosarcoma in patients who have received treatment with Forteo. The study was a voluntary prospective cohort of patients aged 18 years or older residing in the United States prescribed Forteo during the 2009-2019 enrollment period. Annual data linkages with participating cancer registries were conducted from 2010-2019. The FDA notified the study sponsor (Eli Lilly) that they had fulfilled their postmarketing commitment after 10 years of annual data linkages and that the study could be terminated early (linkages were originally planned through 2024).

- ▶ During the 10 years of this study, there were 0 patients from the SCCCRC that matched to the Forteo Patient Registry

BLAST - January 2021

SCCCR has completed 2018 Call for Data submission. We are now accepting 2019 and 2020 Data Submissions. Please contact Kammy Rebl, SCCCR Data Collection Manager if you have any questions or concerns about your data submissions.

SCCCR Re-Abstracting Audit: : SCCCR is required by CDC National Program of Cancer Registries (NPCR) to conduct routine data audits to ensure the data are complete, timely, and accurate. We will be starting our re-abstracting audits for **2018** in February 2021. The sites that we will focus on will be: Melanoma, Bladder, Pancreas, Kidney & Ovary.

SCCCR Research Study Collaborations: We have updated our database to give you a list of patients enrolled in these studies for ACoS/CoC Hospitals.

- ▶ **Medullary Thyroid Carcinoma Study** - Monthly Request, please contact: Kammy Rebl (803) 898-4319
- ▶ **African American Cancer Epidemiology Study (AACES)** - Monthly Request, please contact Connie Boone (803) 898-0985

List of your patients who have enrolled in Research Studies through SCCCR

SCCCR Reporting Source Manual

This document is currently being revised to include all changes pertinent to 2021. This manual will be distributed and available on the SCCR website in February 2021. If you have any questions or concerns, please contact Connie Boone @ boonecr@dhec.sc.gov

DHEC/SCCCR Website:

Our website has a wealth of resources reporting cancer registry data, education, frequently asked questions. Link: <https://scdhec.gov/CancerRegistry>

BLAST - Upcoming Webinars/Events

- AJCC Cervix Uteri, Version 9 Cancer Staging System - Wed, Jan 27, 2021 1:00 PM - 2:00 PM EST
- 2021 NCRA 47th Annual Educational Conference June 3-5, 2021
Virtual Only – registration is now open!
<https://www.ncra-usa.org/Conference/2021-Annual-Conference>
- NAACCR Summer Forum 2021 June 15-17, 2021
Virtual Only.
- SEER Educate has new material available.

ALL future Recordings and Documents are on FLccSC.

BLAST - January 2021

NAACCR Webinar Series 2020 & 2021:

GREAT NEWS! SCCCR has purchased 2020-2021 NAACCR Webinar Series to continue support SC Registrars Education.

**** NAACCR has requested to follow the CDC guidelines for social distancing, ALL NAACCR Webinars will be only available as a recording on FLccSC.

ALL future Recordings and Documents are on FLccSC.

NAACCR Webinar Series for 2021: January 7, February 4, March 4, 2021

1/7/2021 Treatment 2021: Wilson Apollo, CTR, Radiation Therapist Jennifer Ruhl, Chair SSDI WG, Public Health Analyst NIH/NCI SEER.

2/4/2021 Lymphoma 2021 : Jim Hofferkamp

3/4/2021 Abstracting and Coding Boot Camp 2021 : Patrick Stevens, CTR Jim Hofferkamp

NAACCR Treatment 2021 recording is now available on FLccSC

FCDS Pediatric, Adolescent and Young Adult Neoplasms recording is now available on FLccSC

BLAST - January Topics

ASK a SC REGISTRAR

- ▶ ASK a SC REGISTRAR is our own interactive Cancer Forum for SCCRA members. Your questions will be answered in a timely manner and posted on SCCRA website for search options to review. They will also be included monthly in the BLAST.

Please follow the link below to SCCRA website to ASK a SC REGISTRAR

Hyperlink: <https://www.sccra.org/form/contact-us>

Submitting your questions:

1. Click on Contact Us at the top.
2. Complete: Your Name, Email address, Subject.
3. Message Box: submit your abstracting question

BLAST - January 2021

Educational Tips:

2021 updates:

ICD-O-3.2: What, When, and Where:

- ▶ What: Incorporates all new codes, terminology, behavior updates from WHO 4th Ed Blue Book Series
- ▶ When: Effective for cases diagnosed **January 1, 2021**
- ▶ Where: <https://www.naaccr.org/icdo3/>

2021 AJCC Staging

- 1/1/2021 Cervix Uteri-Kindle Version available
- More disease sites coming to update 9th edition.
- yc staging starts 2021

2021 Abstracting NEW

- New Covid Fields for 2020 cases: https://www.facs.org/-/media/files/quality-programs/cancer/ncdb/store_manual_2021.ashx
- Begin using with 1/1/2021 abstracting, under Registry Operation, Announcements: <https://seer.cancer.gov/registrars/>
- ▶ **SCCCR QC Staff** : Please contact Connie Boone, QC Manager @ boonecr@dhec.sc.gov if you have any questions or concerns about your quality of data being submitted to SCCCR.

BLAST - January 2021

Due to COVID 19, SCCCR staff will continue following DHEC guidelines, We will continue to try and serve you all as seamlessly as possible.

- ❖ Case-finding Lists: Faizan Shaikh, SCCCR has requested case finding list for 2019.
- ❖ Please report any potential delays (for any reason) to Kammy Rebl, DC Manager as soon as possible.
- ❖ SCCCR Re-Abstracting Audit: 2017 data review has been completed, 2018 planned for 1st Quarter of 2021.
- ❖ SCCCR **Edit Free data submission**: we are currently working on a special project to initiate edit free reporting when submitting your monthly data via Webplus. We are hoping this will be a more streamline process for all.
- ❖ If you know of any registrars or registrars in-training who would like to receive the SCCCR blasts, view NAACCR webinars, or enroll in FLccSC, please have them contact Kammy Rebl for more information so they can be added to the email distribution list. The SCCCR encourages SCCRA membership. Participation in SCCCR educational activities will not only aid in quality abstracting, but hopefully contribute to the establishment of better networking opportunities and increase the membership of the SCCRA.
- ❖ A recording of the NAACCR 2021 Update: ICD O 3.2 and Solid tumor Rules webinar, slides, and the Q&A are available at <https://education.naaccr.org/updates-implementation> .

Contact Us:

- ▶ SCCCCR Staff Contact: When emailing staff below always send a copy to SCCCCR Director Deborah Hurley hurleydm@dhec.sc.gov .
- ▶ Data Quality Manager: Michael Castera casterma@dhec.sc.gov (803) 898-0353
- ▶ Data Request : Stephanie Chiodoni, cancer.registry@dhec.sc.gov
- ▶ Data Collection Manager: Kammy Rebl, reblkj@dhec.sc.gov (803) 898-4319
- ▶ Quality Control Manager, Education Training Coordinator : Connie Boone
boonecr@dhec.sc.gov (803) 898-0985

THANKS FOR READING THE BLAST!

▶ SCCCR BLAST: will be sent out monthly unless there is a need to pass on urgent information. Please send me your comments or questions that you would like to see in the SCCCR BLAST.
